PREGNANCY LIABILITY RELEASE

Pregnancy Liability Release

Dr._____, has referred you to McLaren MRI Center for an MRI procedure. Your Doctor is aware that you are or may be pregnant and has reviewed the risks/benefits concerning this exam.

Experience has indicated that MRI involves far less risk to you and your baby than does an X-ray procedure for the clinical evaluation you are currently undergoing. However, there are no guarantees that the long term effects of an MRI procedure performed upon you during your pregnancy can be predicted for you and/or your baby.

You understand and agree that you are having the MRI at the advice of your physician and not as the result of information and/or advice from personnel of the MRI Center. You also agree that by having this MRI procedure, you are accepting the normal risks of this diagnostic procedure on behalf of you and your baby.
