

## NeuroRehab Institute

- Comprehensive program for individuals with neurological conditions
- Nationally Certified Brain Injury Specialists through the Academy of Brain Injury Association of America
- NIH Stroke Scale Certification
- LSVTBIG® Certified Staff

The McLaren Neurologic Rehabilitation Institute provides specialized outpatient services to help people overcome disabilities associated with neurological conditions, such as Stroke, Brain Injury, Parkinson's, Spinal Cord Injury and other conditions. Though a brain injury may occur suddenly, recovery is often a gradual process – a period of time when McLaren's caring professional team can make a lifetime of difference.

### Comprehensive Team:

- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Recreation Therapy
- Social Work

Comprehensive services for individuals experiencing difficulty with swallowing, speech, cognition, mobility, balance, vestibular, visual perception, activities of daily living, driving, leisure skills, and emotional issues.

We also provide counseling and assistance with community resources.

### Community Support and Education

- Stroke Educational Series for our patients and community
- NRI Support Group
- Brain Injury Chapter Meeting and Support group
