Planning for Your Discharge

Answers to common questions.

Every patient at McLaren Flint will have a discharge plan. This is the term we use to speak about the end of your hospital stay and your care after you leave the hospital.

If your stay is scheduled ahead of time, the planning may start before you arrive. If your hospital stay is not planned ahead, the planning for your discharge will start soon after you arrive. This brochure explains your role in the process, and answers common questions about care transitions/discharge planning.
