

Reward Yourself By Serving Others

Today, volunteers donate thousands of hours in more than 25 service areas. As a volunteer, you'll have an opportunity to learn new skills and expand your interest areas as you help people in need. You'll also meet and interact with people who share your interests.

"You get back much more than you give."

As you develop new friendships and begin to see the rewarding results of your efforts, you'll begin to realize why many people say that they "get back much more than they give."

The McLaren Flint Auxiliary Mission is to serve McLaren Flint and the community by volunteer services, fundraising and community advocacy.

Our History

Founded on February 3, 1919, the McLaren Flint Auxiliary has raised over eight million dollars for the Medical Center. The money is generated from our Gift Shop and from Fundraisers.

Projects funded by the Auxiliary have included: 18 fetal monitors for the Labor and Delivery floor, 3 portable newborn monitors, Light Speed QX/I Commuted Tomography (Cat Scan) Machine, Therapeutic Hypothermia (Artic Sun Cooling System), Patient Simulation Manikin (METI Sim Manikin), and an Art Therapy Instructor for the Cancer Institute patients, ventilators, crash carts and various items for the Hospitality House.

We are very proud of our accomplishments, and we would like to have you join us and give of your time and talents to make our organization even stronger.

We Match Your Interests and Skills with Vital Needs

Whether you volunteer to assist patients and families, work on craft projects or answer the telephone, you'll serve in an area that matches your interests, talents and skills. In fact, we even arrange a schedule around your availability - from a minimum four-hour shift every two weeks, to several days per week or month - mornings, afternoons, evenings and weekends.

Something for Everyone

As a vital part of our health care team, you'll have a wide range of activities from which to choose. Whether you prefer to work alone or in a group, you'll be doing what you do best, knowing that your work is greatly needed and appreciated.
