**SAFE CARE DURING COVID-19**  
 Ways McLaren Medical Group is keeping our employees and patients safe

**SCREENING EVERYONE WHO ENTERS OUR FACILITIES**  
 • McLaren is screening all patients, visitors, and our own staff for signs and symptoms of COVID-19 before they enter our facilities. Anyone experiencing symptoms will be redirected to the appropriate level of care.

**SEPARATING PATIENTS WITH SYMPTOMS**  
 • McLaren offices have established separation practices by facility. This office may designate separate waiting areas, or stagger patient appointment hours or days to minimize the possible spread of COVID-19.

**SUPPORTING SOCIAL DISTANCING**  
 • McLaren facilities are limiting seating in certain areas to create space between those waiting for care. Many McLaren offices will accommodate patients who wish to wait in their car by calling patients when their exam room is ready.

**PERSONAL PROTECTION**  
 • McLaren caregivers and support staff are wearing additional protective equipment to keep patients and themselves safe when providing care. Patients and visitors are encouraged to bring their own mask to wear during their visit. Anyone arriving for a visit without a mask will be provided one.

**ADDITIONAL SANITIZATION**  
 • McLaren is using cleaning processes for facilities to enhance our already robust sanitization protocols.

**EDUCATION**  
 • Frequently updating our policies and procedures to reflect the latest information available from the CDC.
