**WHY CHOOSE McLAREN IMAGING CENTER?**

McLaren offers the most advanced digital mammography services in a compassionate, patient-focused setting. We are the first to bring innovative Genius™ 3D Mammography technology to patients in our region. The Center is accredited by the National Accreditation Program for Breast Centers, and is a designated Breast Imaging Center of Excellence by the American College of Radiology.

**WHY SHOULD I GET A GENIUS™ 3D MAMMOGRAPHY EXAM?**

If you are a woman over 40, getting a mammogram is smart. Choosing one that is more accurate for women of all ages and breast densities – that's Genius!

The Genius™ 3D exam provides better, earlier breast cancer detection compared to 2D alone. Greater accuracy means better breast cancer detection and a reduced chance of additional screenings. The Genius exam is proven to:

- Provide better, earlier breast cancer detection.
- Reduce unnecessary callbacks by up to 40%.
- Find on average, 20-65% more breast cancer lesions.

The Genius™ 3D Mammography exam is the only mammogram FDA approved as superior for women with dense breasts.

**WHAT OTHER BREAST DIAGNOSTIC SERVICES ARE AVAILABLE?**

Breast Ultrasound • Breast MR  
Breast Biopsies • Cancer Navigator
