Botox treatment for migraine headaches

This letter is intended to help you understand the medical and insurance information regarding the treatment plan.

Medical Information:

- In this folder you will find information on the injections and what to expect
- Retreatment: this is not a cure; you will have to continue with injections every 12-13 weeks
- Cancellations: please call to reschedule, although this may push back your treatments and affect how you feel

Insurance Paperwork:

- Insurers often ask for a prior approval to ensure you are covered so they pay for both the drug and the injection
- We will get the approval prior to the initial injection, but if your insurance changes please notify us immediately so that we get the proper approval prior to your next injection to ensure there is no additional charge to you
- IF YOU DO NOT NOTIFY US PRIOR TO THE NEXT INJECTION your appointment may be rescheduled and your treatment delayed
- You are responsible to call your insurance to determine your out-of-pocket costs

Patient Financial:

- Every patient's insurance can be different and the best way to find out what you may owe is to call your insurance
- You may get a bill from our office once your insurance company determines your financial responsibility
- If you have a balance, you may be asked to pay on the balance before more injections are given
- To see if you may qualify for assistance with out-of-pocket costs from Allergan (manufacturers of Botox):
 - BY PHONE:
 - Text "SAVE" to 27747
 - You will be asked 4 quick questions to determine if you may be eligible
 - If you qualify, a link to register will be texted to you
