Could hearing loss cause you to have more problems with memory and thinking?

☐ Check all that apply:

- I have a hard time understanding what people are saying when there is a lot of background noise, and/or in a restaurant.
- I stay away from social situations that involve conversations.
- I don't like going to the movies or the theater because I can't understand and I miss a lot of the words.
- I have a harder time understanding women's and children's voices.
- I ask other people to repeat themselves too often during conversations.
- My family and friends complain that I am not hearing them well and/or not understanding what they're saying to me.
- Other people notice that I turn up the volume too high on my TV or radio.
- I have trouble hearing and/or understanding people on the phone.
