Visits can now be done in a variety of ways. Patient visits can be done via phone, telemedicine and in person. To learn more call (810) 342-5506.

YOU HAVE THE POWER TO TAKE CONTROL OF YOUR DIABETES.
Learning how to manage diabetes can be challenging but knowledge is empowering and our team at McLaren Flint Diabetes Education is here to guide you. Our team consists of a Registered Nurse and Dietitian and our program has been accredited by the Association of Diabetes Care and Education Specialists.

WE OFFER CLASSES FOR TYPE 1, TYPE 2, AND GESTATIONAL DIABETES.
Your doctor may order diabetes classes, medical nutrition therapy, follow up diabetes education or our comprehensive diabetes management program depending on your individual needs.

WHAT CAN I EXPECT WHEN MY DOCTOR ORDERS DIABETES CLASSES?
Your first visit will be 1:1 with our registered nurse in person, via telehealth or by phone. This visit includes going over your individual needs, your goals and planning your educational sessions.

The next step is a series of three classes that can be done in person or via telehealth. Classes will cover diet, exercise, medications, stress and coping, sick day management, and risk reduction. Classes are held in a setting where all are welcome and supported.

WHAT CAN I EXPECT WHEN MY DOCTOR ORDERS THE COMPREHENSIVE DIABETES MANAGEMENT PROGRAM?
Your first visit will be 1:1 with our registered nurse in person or via telehealth and we will begin to address your individual educational needs. Next, we will schedule educational classes with both our nurse and a dietitian. You will also have up to six physician visits for diabetes medication adjustment to optimize your diabetes control.
