**Patient Identification Number (PIN) Program
 Protecting Your Privacy**

Your privacy is very important to us. At the same time, we want to make sure your experience at McLaren Flint is a positive one, and we realize how important family and loved ones are during any hospital stay.

We have established the Patient Identification Number (PIN) Program to help manage our commitment to your privacy; along with your family and loved ones need for information to help in your recovery process.

The PIN DOES NOT allow family members or loved ones access to obtain copies from your medical records. The code is also only valid for this specific admission. Future admissions require a new PIN.

If you have any questions regarding the PIN program, please feel free to talk with your nurse.
